

## Greenwash

Client: Greenwash  
Application coating: LTD Baril Caucasia  
Completion: 2021  
Location: Tbilisi region in Georgia

Greenwash is a network of modern self-service car washes in the Tbilisi region of Georgia. These car washes are open to the public 24/7. For the corrosion protection of these car wash boxes, Greenwash has opted for the products of Baril Coatings.

The coating work is professionally carried out by LTD Baril Caucasia. After the ST3 pre-treatment, the coating system is built up by means of brush roll application with 3 layers of 803 SteelKote EP AC+ and 2 layers of 812 SteelKote PU Finish 60 UV+.

These car wash boxes from Greenwash in the Tbilisi region have now been protected for years against water, dirt and weather conditions.

### C4 C-4 | HIGH 803-812
